

Research indicates that for a child with a learning difficulty or disability their self-esteem and ability to "bounce back" from challenges is just as important (if not *more* important) to their future success than the remediation they receive.

This workshop focuses on giving parents strategies to develop their child's resilience.

Presenters: Gemma Boyle, BA (Hons), MPsych (Ed. & Dev.), Dip. Ed. (Spec.Ed.) Gemma is a Psychologist at DSF Literacy and Clinical Services where she assesses children and adults with learning difficulties and disabilities. She also consults with parents and educators regarding the nature of Specific Learning Disabilities and how to improve literacy outcomes. Gemma is keen to maintain the link between theory and practice in order to provide evidence-based strategies for those experiencing literacy difficulties.
